Career Objective / Summary

Dedicated and analytical graduating senior with a Bachelor's in Engineering and strong coursework in AI & ML. Possessing excellent problem-solving skills and eager to apply foundational knowledge of machine learning algorithms to a challenging, entry-level position. Seeking to contribute fresh ideas and learn from experienced professionals to build a successful career in AI.

Education

- **Bachelors of Engineering in AI and ML** CGPA 9.00
  Bangalore Technological Institute, Karnataka October 2022- July 2026
  Artificial Intelligence, Machine Learning, Deep Learning, Natural Language Processing, Computer Vision, Data Structures & Algorithms, Probability & Statistics, Database Management Systems.

Technical Skills

- **Programming Languages:** Python, SQL, C, HTML, CSS, Java, JavaScript, TypeScript.
- **Libraries:** Scikit-learn, TensorFlow, Keras, PyTorch, Pandas, NumPy, Matplotlib, Seaborn
- **ML Concepts:** Supervised & Unsupervised Learning, Regression, Classification, Neural Networks, CNN, RNN, NLP, Data Preprocessing, Feature Engineering
- **Tools & Technologies:** Git, GitHub, Jupyter Notebook, Google Colab, VS Code, PyCharm.

Projects

1. Fake Review Detection using NLP and Machine Learning.

- **Developed a fake review detection model** using NLP techniques (NLTK preprocessing, TF-IDF) achieving **94.5% accuracy**.
- **Implemented and compared ML algorithms** including Logistic Regression and Passive Aggressive Classifier.
- **Technologies Used:** Python, Pandas, Scikit-learn, NLTK, TF-IDF Vectorizer.

2. Hand Mimic Robotic Arm: CNN-based Smart Gesture Controlled Robotic Arm.

- **Developed a CNN-based gesture-controlled robotic arm** using Raspberry Pi and camera input, enabling real-time hand gesture recognition for precise multi-directional movement.
- **Enhanced human–robot interaction** by integrating computer vision and deep learning, demonstrating practical applications of AI in robotics.
- **Technologies Used**: Python, OpenCV, Mediapipe, CNN, Raspberry Pi.

Additional Information

- **Languages:** English, Kannada, Telugu, Hindi.
