Career Objective / Summary

- B.Tech student in Artificial Intelligence and Machine Learning with strong skills in Python, Machine Learning, Deep Learning, Data Analysis, and Computer Vision. Seeking an entry-level AI/ML Engineer role to apply technical expertise and contribute to innovative solution.

Education

- **Bachelors of Engineering in Artificial Intelligence and Machine Learning**
  Bangalore Technological Institute, Karnataka
  Expected Month of Graduation: 07/2026
  - **CGPA**: 9.00.
  - **Relevant Coursework**: Artificial Intelligence, Machine Learning, Deep Learning, Natural Language Processing, Computer Vision, Data Structures & Algorithms, Probability & Statistics, Database Management Systems.

Technical Skills

- **Programming Languages:** Python, SQL, Java, C, HTML, CSS, TypeScript.
- **Machine Learning Libraries:** Scikit-learn, TensorFlow, Keras, PyTorch, Pandas, NumPy, Matplotlib, Seaborn
- **ML Concepts:** Supervised & Unsupervised Learning, Regression, Classification, Neural Networks, CNN, RNN, NLP, Data Preprocessing, Feature Engineering
- **Tools & Technologies:** Git, GitHub, Jupyter Notebook, Google Colab, VS Code, MySQL.

Projects

1. Fake Review Detection using NLP and Machine Learning.

- **Developed a fake review detection model** using NLP techniques (NLTK preprocessing, TF-IDF) achieving **94.5% accuracy**.
- **Implemented and compared ML algorithms** including Logistic Regression and Passive Aggressive Classifier.
- **Technologies Used:** Python, Pandas, Scikit-learn, NLTK, TF-IDF Vectorizer.

2. Hand Mimic Robotic Arm: CNN-based Smart Gesture Controlled Robotic Arm.

- **Developed a CNN-based gesture-controlled robotic arm** using Raspberry Pi and camera input, enabling real-time hand gesture recognition for precise multi-directional movement.
- **Enhanced human–robot interaction** by integrating computer vision and deep learning, demonstrating practical applications of AI in robotics.
- **Technologies Used**: Python, OpenCV, Mediapipe, CNN, Raspberry Pi.

Additional Information

- **Languages:** English, Kannada, Telugu, Hindi.
